

FIGHTING FOR FISCAL SANITY

SENATOR RICK SCOTT'S LEGISLATIVE ACTION UPDATE

DEMANDING ACCOUNTABILITY FOR AMERICAN FAMILIES

- **Full Faith and Credit Act**: Senator Rick Scott led his colleagues in introducing this legislation to ensure the federal government prioritizes funding for our military, veterans and seniors should the Biden administration refuse to exercise its existing authority to prioritize these expenses and prevent default.
- **Prevent Government Shutdowns Act**: Senator Rick Scott joined his colleagues in supporting this bill which provides continuing appropriations to prevent a government shutdown if any of the appropriations bills for a fiscal year have not been enacted before any funding deadline.
- **Let's Get to Work Act**: Senator Rick Scott introduced this legislation which encourages Americans who are able to work to return to the workforce by enhancing work requirements for the Supplemental Nutrition Assistance Program (SNAP) and public housing requirements.
- **No Budget, No Pay Act**: Senator Rick Scott led his colleagues in introducing this bill which simply states that Members of Congress must fulfill their basic job requirements and pass the annual budget resolutions and appropriations bills on time, or forgo their taxpayer-funded salaries.
- **Protecting Our Seniors Act**: This bill has three key provisions to protect the benefits of Social Security and Medicare and promote the long-term solvency of these critical programs. This bill would strengthen funding for the Medicare and Social Security Administration Trust Fund, put guardrails on Congressional action that could lead to any reduction or cut of existing Medicare and Social Security benefits, and would fix a loophole to ensure that Medicare dollars stay in Medicare.
- Senator Rick Scott sent a **letter** to Chair of the Federal Reserve Jerome Powell urging accountability regarding his massive failure to meet his target of reducing the Fed's balance sheet and severely misallocated capital. Senator Scott has been adamant about holding the Fed accountable to their goals of reducing the balance sheet since his election to the Senate.

Since being elected to the U.S. Senate, Senator Scott has repeatedly urged action to address America's debt crisis and the harmful effects of inflation:

- **Weekly Inflation Update**: Senator Rick Scott issues a weekly update on Biden's inflation crisis.
- **Economic Snapshot**: Read a quarterly breakdown of Bidenomics from Senator Rick Scott.
